

MARTIN SCHWARZ SPÄTBURGUNDER SACHSEN 2020

This pinot noir is astonishingly round and compact for an entry-level wine from the ex-East Germany. Masses of damson-plum aroma, plus notes of cinnamon and toast on the medium-bodied palate. A touch of wet-stone minerality, then quite firm tannins at the bold finish. Drink or hold.

MARTIN SCHWARZ CHARDONNAY SACHSEN RADEBEUL 2022

This stunning cool-climate chardonnay from the ex-East Germany is brimming with fresh-apricot, candied-lemon and melted-butter aromas. At the upper end of medium-bodied with excellent concentration and well-integrated oak that's deftly interwoven with the linden-blossom character at the long, silky finish. Very good aging potential! Drink or hold.

MARTIN SCHWARZ RIESLING SACHSEN FRIEDSTEIN GG 2022

This great dry riesling has wonderfully ripe, peachy fruit and very intense crushed-rock minerality, almost perfectly interlocked on the filigree, medium-bodied palate. Fantastic precision at the extremely long, seamless finish. Drink or hold. Screw cap.

MARTIN SCHWARZ RIESLING SACHSEN KAPITELBERG GG 2022

Concentrated and juicy on the medium-to full-bodied palate, this very well-structured dry riesling has stacks of yellow-grapefruit, lime and flint character. So much drive at the sleek and positively austere finish, where there's great limey intensity. Drinkable now, but best from 2026. Screw cap.

MARTIN SCHWARZ PINOR NOIR

Stunning concentration, very fine tannins and spot-on integration of oak make this a great pinot noir in any context! Very silky finish that doesn't want to let go! Drink or hold.
